## Response Fields :

| Field              | Type          | Description                                                          |
|--------------------|---------------|----------------------------------------------------------------------|
| total              | Integer       | Total number of matching products returned.                          |
| page               | Integer       | Current page number of the returned results.                         |
| per_page           | Integer       | Number of results returned per page.<br>Maximum: 100.                |
| last_page          | Integer       | Total number of available pages based on the current per_page value. |
| results            | Array         | List of matching products, ordered by relevance.                     |
| name               | String / Null | Product name or title.                                               |
| description        | String / Null | Product description.                                                 |
| manufacturer       | String / Null | Product manufacturer or brand.                                       |
| category           | String / Null | Product category.                                                    |
| catalog_name       | String / Null | Catalog name.                                                        |
| asin               | String / Null | Amazon ASIN.                                                         |
| current_price      | String / Null | Product price returned with 4 decimal places.                        |
| image_url          | String / Null | Product image URL.                                                   |
| stock_availability | String / Null | Stock status, such as InStock or OutOfStock.                         |
| redirect_url       | String / Null | PubAdHub tracking URL to use for outbound product clicks.            |

## Notes :

- Always use redirect\_url for outbound product clicks so tracking is preserved.
- The response returns a JSON object containing total and results.
